PROFESSIONAL SUMMARY

Motivated Frontend Developer and BCA student (5th Semester) with hands-on experience building responsive, component-based web applications using React.js, JavaScript (ES6+), HTML5, and CSS3. Proficient in Tailwind CSS, Bootstrap, REST API integration, and Git-based version control. Developed real-world projects including a Blog Management System with CRUD operations and authentication, and a Linktree-style Link Hub SPA. Seeking a Frontend Developer Intern or Junior Frontend Developer role to deliver high-quality UI development and contribute to agile teams.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, Responsive Web Design

React & JS: React Hooks, Component-Based Architecture, State Management, SPA, REST API Integration, CRUD Operations

Tools & DB: Git, GitHub, VS Code, MongoDB

Concepts: Cross-Browser Compatibility, UI Development, Web Performance Optimization, Reusable Components, Frontend Engineering

PROJECTS

Blog Management System | *React.js, JavaScript (ES6+), REST API, MongoDB*

- Built a responsive blog SPA with component-based architecture, implementing full CRUD operations and REST API integration for efficient content management.
- Developed user authentication with protected routes using React Hooks and state management, ensuring secure access and scalable frontend engineering.

Link Hub – Linktree Clone | *React.js, Tailwind CSS, JavaScript*

- Engineered a customizable social link Single Page Application (SPA) with responsive desktop and mobile layouts using Tailwind CSS and reusable React components.
- Implemented dynamic link management and profile customization features, delivering an intuitive user interface with cross-browser compatibility.

Personal Portfolio Website | *HTML5, CSS3, JavaScript, Responsive Design*

- Designed and developed a performance-optimized portfolio website applying responsive web design principles, modern UI practices, and accessibility standards.
- Showcased projects and skills with optimized page load performance, demonstrating proficiency in frontend development and user experience best practices.

EDUCATION

Bachelor of Computer Applications (BCA) | *5th Semester (Ongoing)* | *Kathmandu, Nepal*

- Relevant coursework: Web Development, Data Structures, Database Management, Object-Oriented Programming, Computer Networks.

ACHIEVEMENTS

- Delivered multiple production-ready frontend projects using React.js and JavaScript, demonstrating practical web development capabilities.
- Applied responsive web design and cross-browser compatibility principles consistently; managed all projects using Git and GitHub for version control.
- Continuously advancing skills in modern frontend technologies, React Hooks, state management, and UI development best practices.
